SOCIAL MEDIA POSTS

Tap into your social media channels to promote your participation at XPONENTIAL.

Use this sample copy for inspiration. Don't forget to tag @XPONENTIALshow and include #XPO23 in your posts!

PRO TIP: Customize the posts by including the ideas, technologies, and solutions you'll be featuring in your session.

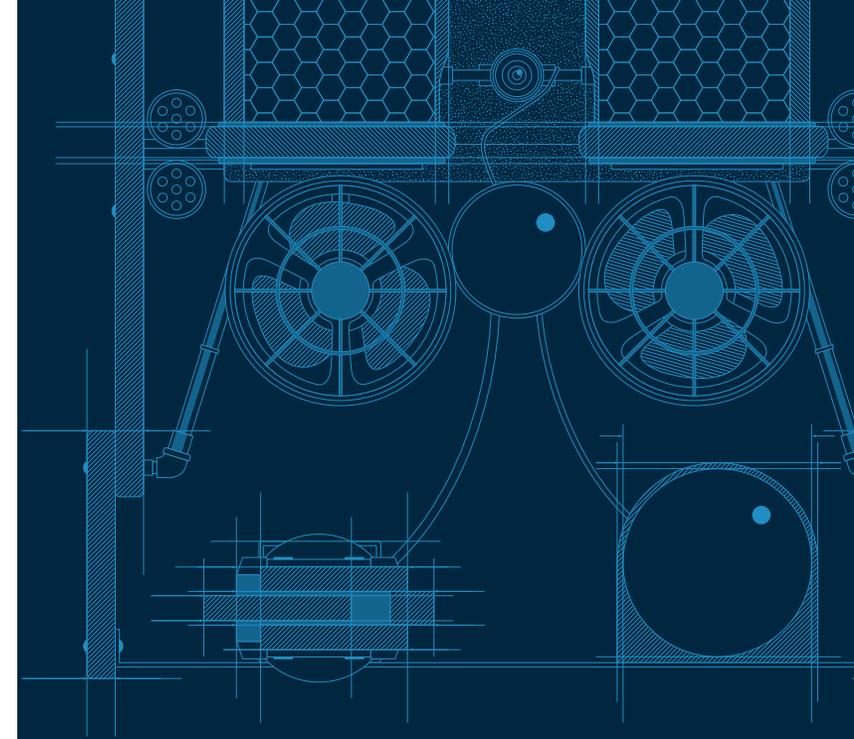

SHORT TWEETS:

- ▶ Let's shape the plan for an autonomous future. At @XPONENTIALshow this May, the @AUVSI community is coming together to design a new Blueprint for Autonomy. Learn more at www.xponential.org. #XPO23
- ▶ What's in the Blueprint for Autonomy? That's up to you. Join the conversation at www.xponential.org. #XPO23
- ▶ This May, I'll be taking up the mic at @XPONENTIALshow to share my perspective on the future of #autonomous and #uncrewed innovation. I hope you'll join me for the week to add your own voice to the conversation. Register at www.xponential.org. #XPO23
- ▶ This May, @AUVSI is convening our community at @XPONENTIALshow to discuss the standards, systems, and strategies we need to integrate #autonomous and #uncrewed tech. www.xponential.org #XPO23
- ▶ May 8-11 at @XPONENTIALshow might be the most important days of the year for our industry. I'll be taking the stage to share my research (or legal expertise or experience) will I see you there? www.xponential.org #XPO23

LONGER POST (LI/FB):

- ▶ #Autonomous innovation won't happen on its own. Our success as an industry depends on the perspectives, insights, and skills of everyone in our community.

This May 8-11, I've been invited by AUVSI to speak at XPONENTIAL—the most important event of the year. I can't wait to share my thoughts on the future of autonomy, and I can't wait to hear more about what everyone else is working on. Will I see you there? Register at www.xponential.org. #XPO23

Right now, leaders in uncrewed and robotic technology are faced with the opportunity to impact every aspect of society. But our success depends on our ability to develop a quality plan. That's why we're eager to connect with the global community in Denver, where we'll explore the design, operationalization, integration, and safeguarding of autonomous technology together.

Our very own [INSERT NAME] will be taking the stage to share [HIS/HER/THEIR] perspective on the future of the industry. You won't want to miss [HIS/HER/THEIR] session!

XPONENTIAL IS BUILDING THE BLUEPRINT FOR TOMORROW.

- Experience the largest showcase of uncrewed and autonomous technologies, uncover new solutions and use cases, and discuss the path forward with like-minded individuals.
- Get the latest updates on the topics, trends, and policies affecting your business.
- Build relationships with members of our global community. This is your chance to problem-solve with and gain inspiration from engineers, scientists, and business leaders across 20+ markets and domains.

Help create autonomy's next phase. | [Learn more and register at XPONENTIAL.org](https://xpontential.org)

EMAIL / LINKEDIN INVITATION

Send this sample invitation on behalf of your company using email or via LinkedIn.

I'd like to invite you to join me in Denver at XPONENTIAL 2023 this May 8-11.

XPONENTIAL brings the global autonomous technology community together, including business leaders, engineers, and end users from 20+ markets and domains. It features immersive keynotes, workshops and education sessions; opportunities to network and problem-solve with peers; demos; and so much more.

This year, I'm excited to announce that I'll be speaking as part of the educational program. I hope you'll stop by my session to hear what I've been working on and thinking about.

Let me know if you have any questions about my talk or the event. You can learn more and claim your spot at XPONENTIAL.org.

Best regards,
