

Steps to Create Products in the Buyers Guide

1 – Once in the exhibit booth click on **Buyers Guide**

2 – In the Buyers Guide administrative portal, click on the **+CREATE NEW PRODUCT** button

Steps to Create Products in the Buyers Guide

3 – Once the form is open, fill out the details and click on **ADD PRODUCT**

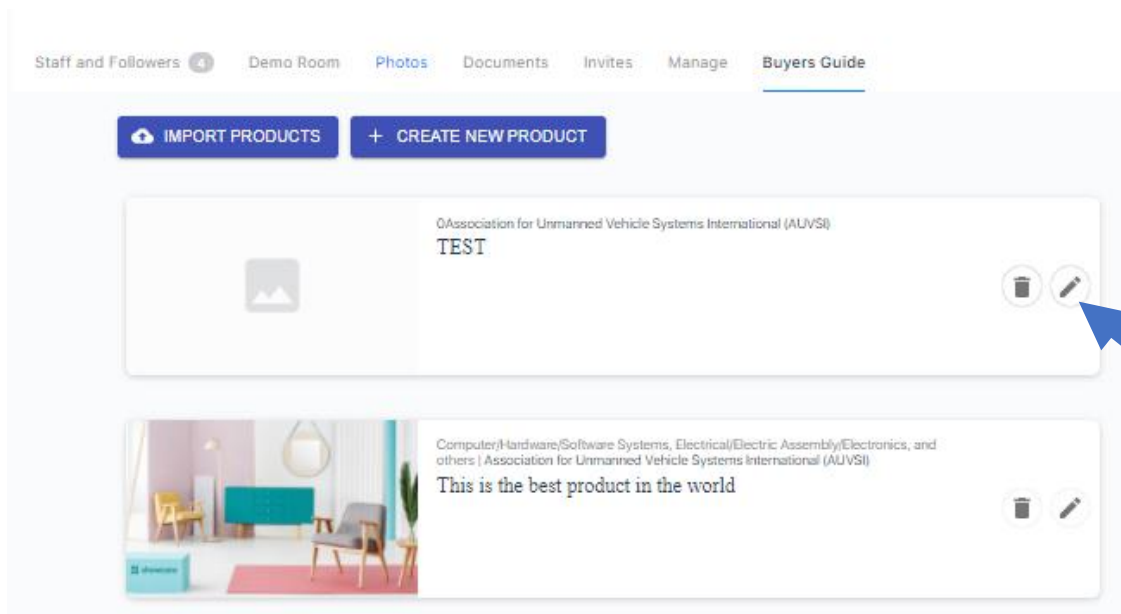

The screenshot shows a web form titled "Edit Product" with a "CLOSE" button in the top right corner. The form contains several sections: "Product Name" with a text input field; "Problem the product/solution solves" with a text input field containing the placeholder "What does it do?"; "Categories" with three dropdown menus for "Component/Sensor Type", "Platform Types", and "Service(s) Provided", all currently set to "All"; "Top differentiating features" with three text input fields labeled "Top Feature 1", "Top Feature 2", and "Top Feature 3", each containing a placeholder "Top feature X"; "Target customers/market" with a text input field containing the placeholder "Who's this product for?"; "Price range" with two text input fields labeled "Min" and "Max"; and "Details" with a large text input field. At the bottom left, there are two buttons: "ADD PRODUCT" (blue) and "CANCEL CHANGES" (red). A blue arrow points to the "ADD PRODUCT" button.

Items to Include:

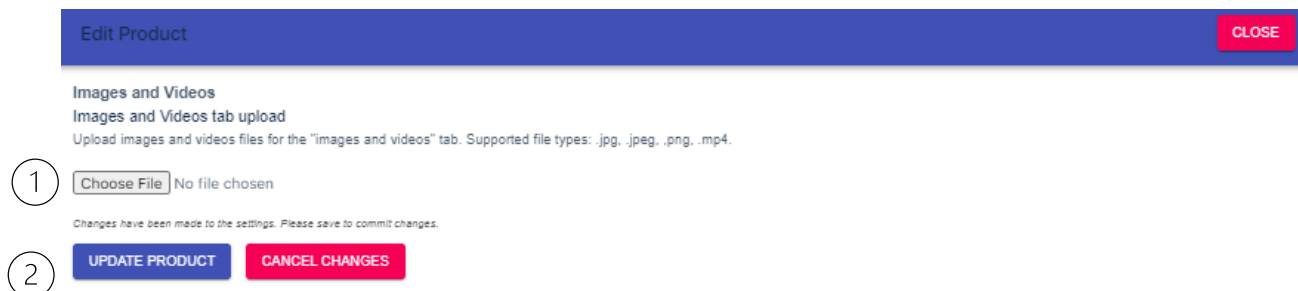

- Product Name (required)
- Problem the Product/Solutions Solved (required)
- Categories – Components/Sensor Type, Platform Type & Service(s) Provided
- Top Three Differentiating Features
- Target Customer/Market
- Price Range
- Details

Steps to Create Products in the Buyers Guide

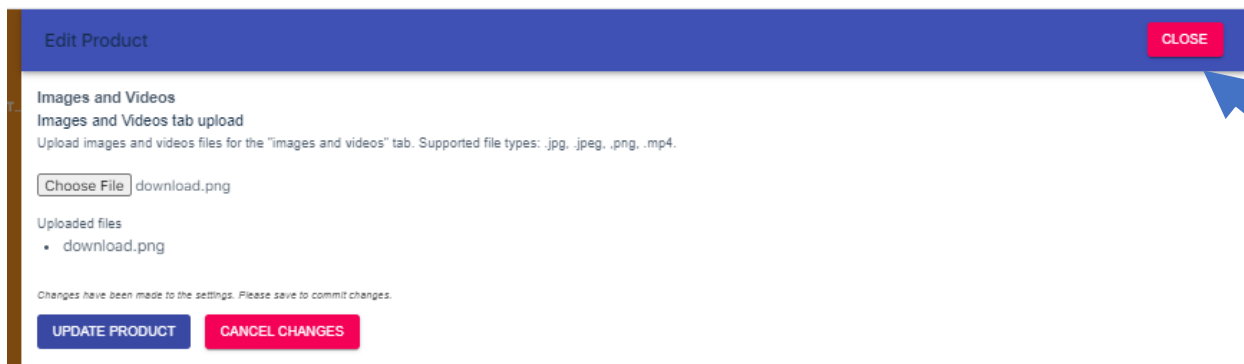

4 – Click on the **edit** button to add images to your product

5 – Click on **Choose File** button to select the image from your computer that you would like to add to your product, then click on **Update Product**. **NOTE: The first image uploaded is the thumbnail for the product.** This process needs to be repeated for each image uploaded.

6 – Once all the images are uploaded, you will be able to see the list of images that have been uploaded to the product. You can go ahead and click on the **CLOSE** button.
